Red Flags

1. Anonymous Team - No audits, no faces. Look for doxxed teams.
2. Too-Good-To-Be-True APY - Extremely high returns? High risk, often Ponzi-like.
3. Vague Utility & Roadmap - Hype without real use? Demand transparency.

Platform	Wallet Connected (Yes/No)	Task Completed	Screenshot	Short Summary / Notes
PublicAI	Yes	Built AI assistant, shared referral		PublicAI was intuitive; building a simple AI assistant earned a small token. Referral system was easy to use.
Gradient Network	Yes	Explored dashboard, completed tutorial		Dashboard is clear and analytics tools are helpful. Tutorial completion unlocked basic airdrop tokens.
OneFootball Club	Yes	Joined league, collected football tokens		Fun gamified platform; collecting tokens is engaging. Matches update token balances in real time.
Shaga	Yes	Staked small amount, checked DeFi pools		Staking process is straightforward. Rewards visible instantly. Good intro to DeFi mechanics.
MagicNewton	Yes	Completed missions, connected wallet		Favorite platform! Missions gamify crypto learning. Smooth wallet integration and clear token rewards.
